Condition Report

Case: Very good vintage condition with minor marks and scratches consistent with age.

Dial: Original silver dial with clean presentation and strong period character.

Hands & Markers: Well preserved and matching the dial.

Crystal: Light wear typical of vintage use.

Overall: A well-kept and original example.

Working Order

Recently serviced in our workshop.

Running exceptionally well as expected.

All functions operating correctly.

Our View

The Seamaster Cosmic range offers a slightly more distinctive take on the traditional Seamaster, with its barrel case and integrated feel. This Day-Date version adds practicality, while the German day wheel gives it an extra touch of character.

With its reliable Calibre 752, recent service and honest original condition, this is a great choice for anyone looking for a classic vintage Omega that can still be worn daily with confidence.
