Wagner German Military WWII Watch – 36mm – Original Dial – c.1940s

An honest and original Wagner German military wristwatch from the Second World War, presented in exactly the kind of condition collectors expect from a genuine wartime piece. This is a no-nonsense military tool watch that has clearly lived its life, retaining its originality and character throughout.

#### Key Details

- Brand: Wagner
- Era: World War II (c.1940s)
- Case Size: 36mm (approx. 42mm lug-to-lug)
- Case Material: Stainless steel
- Dial: Original black dial
- Hands: Original, naturally discoloured
- Crystal: Acrylic
- Movement: Manual wind
- Caseback: Signed with number 774410
- Water Resistance: Not applicable due to age

#### Condition Report

Case: Good honest condition with wear consistent with wartime use.

Dial: Original black dial with strong legibility and authentic ageing.

Hands: Original with visible discolouration, adding to authenticity.

Crystal: Age-appropriate wear expected.

Overall: Exactly the kind of condition expected from a genuine WWII military watch — untouched and original.

#### Working Order

Currently running.

Service recommended to ensure long-term reliability.

#### Our View

Wartime German military watches are becoming increasingly difficult to source, particularly honest, unaltered examples like this. This Wagner retains its original dial and hands, along with correct wear that tells its story — something that cannot be replicated.

Not a restored display piece, but a genuine historical artefact, this is ideal for collectors who appreciate originality and provenance over cosmetic perfection. A great entry into WWII military watches or a solid addition to an established collection.
