

**Edwardian Yellow Sapphire & Diamond Cluster Ring - Saddingtons Jewellery Stand 375
£1,150.00**

Edwardian Yellow Sapphire & Diamond Cluster Ring. A charming Edwardian ring featuring a natural yellow sapphire weighing 0.3cts and 0.3cts total of Edwardian cut diamonds. The cluster is mounted in platinum, whilst the elegant shank is crafted in 18ct yellow gold, a classic combination favoured during the Edwardian era. On the shank there is a plat and an 18ct stamp. The yellow sapphire displays an attractive golden-buttery hue, beautifully complemented by the bright old-cut diamonds that encircle it. The delicate scalloped platinum setting creates a floral-inspired cluster design, reflecting the refined and feminine aesthetic for which Edwardian jewellery is celebrated. Combining exceptional craftsmanship with timeless elegance, this antique ring is a wonderful example of early 20th-century design. Whether chosen as a unique engagement ring or added to a fine jewellery collection, it offers both rarity and enduring appeal. Please contact us if you would like to know more about this gorgeous ring or visit us at Saddingtons Jewellery, Mayfair.
