

**Favre Leuba 59632**  
**£250.00**

Bringing distinct mid-century geometry to the wrist, this vintage Favre Leuba features an eye-catching square case finished in elegant gold plating. It perfectly captures retro styling with a built-in date feature on the dial, paired beautifully with a classic brown leather strap. As an authentic vintage piece, it shows honest character with visible wear to both the dial and the case, giving it a genuine, time-tested look. Inside, a traditional manual-wind Swiss movement powers the watch, and it is in running condition, ready to be wound and worn.
