

Bulova 710
£150.00

This vintage Ladies Bulova is a wonderful example of 1970s Swiss-made watchmaking engineering. Based on the official Bulova date code "N1" stamped on the case, this watch can be precisely datedto 1971.
What makes this piece unique is the engineering packed into its petite size. Visible inside is theSwiss-made Bulova Calibre 7 EDAD automatic movement, a 17-jewel mechanism equipped with adate complication and KIF shock protection. It is built on a high-quality Hamilton/Buren baseebauche, featuring a specialized floating pinion system that ensures highly efficient bi-directional self-winding. It is a reliable and elegant daily wearer that perfectly captures the charm of early '70sstyling.
