

Edwardian Diamond Daisy Cluster Ring - Saddingtons Jewellery Stand 375
£1,250.00

Edwardian Diamond Daisy Cluster Ring. A stunning Edwardian diamond daisy cluster ring crafted in 18ct yellow gold with a platinum-topped setting, featuring approximately 0.90 carats of sparkling old brilliant cut diamonds. The design centres on a bright old-cut diamond, surrounded by a perfectly matched halo of 8 diamonds, creating the timeless floral cluster that has become synonymous with the Edwardian era. Each diamond is individually set within the platinum mount. The platinum setting provides a crisp white backdrop, allowing the diamonds to appear brighter, whilst the warm 18ct yellow gold shank creates a beautiful contrast. The classic daisy cluster has remained one of themost enduring engagement ring designs for well over a century. Its elegant proportions, generousfinger coverage and remarkable sparkle make it as desirable today as it was during the earlytwentieth century. The ring holds approximately 0.90 carats of old brilliant cut diamonds H-I in colourand VS2 clarity. Please contact us if you would like to know more about this lovely ring or visit us at Saddingtons Jewellery, Mayfair.
