Vintage Geometric Black Opal & Diamond Ring - Saddingtons Jewellery Stand 375
£2,195.00

Vintage Geometric Black Opal & Diamond Ring. A captivating 1960s/70s 18ct yellow gold ring, centred with a mesmerising elongated oval black opal displaying an exceptional play of colour. Flashes of vivid emerald green, electric blue and fiery red, to name only a few colours from the spectrum, dance across the surface, ensuring the stone reveals a different personality with every movement of the hand. The opal is beautifully framed by four brilliant-cut diamonds, each carefully positioned within an elegant geometric mount. Fine engraved detailing to the shoulders and the clean architectural lines of the setting reflect the refined craftsmanship of the late twentieth century, creating a design that feels both bold and timeless. Prized for its unique character, no two natural opals are ever alike, making this an individual piece of jewellery with remarkable presence. Whether chosen as a statement ring or treasured as part of a fine jewellery collection, it offers a striking combination of vibrant colour, classic diamonds and rich 18ct gold. The opals set size measures 14.8mm x 8.6mm. This ring is an excellent good quality handmade ring with an 18ct stamp inside the shank. Please contact us if you would like to know more about this brilliant ring or visit us at Saddingtons Jewellery, Mayfair.
