

18ct Gold Emerald Cut Diamond Trilogy Ring Spectrum Antiques **£1,100.00**

A classically proportioned diamond trilogy ring in 18ct yellow gold, hallmarked London 1999, set with a 0.40 carat emerald cut diamond centre stone flanked by two round brilliant diamonds of 0.05 carats each, giving a total diamond weight of 0.50 carats. The emerald cut is graded VS clarity and I colour — a clean, bright stone with the characteristic step-cut faceting that rewards close inspection. The centre stone is held in a white metal claw setting that offsets cleanly against the warm yellow gold shank, a combination that remains one of the most enduring in diamond ring design.
