

**Victorian Ceylon Sapphire & Diamond Daisy Cluster - Saddingtons
Jewellery Stand 375
£1,995.00**

A beautiful Victorian Ceylon Sapphire & Diamond Daisy Cluster elegantly handcrafted with a rich blue natural sapphire encircled by a sparkling halo of victorian brilliant cut diamonds. Dating to the closing years of the nineteenth century, this timeless design perfectly captures the elegance and craftsmanship of Victorian jewellery . The deep blue sapphire forms the focal point of the ring, its vivid colour beautifully complemented by a surround of carefully matched diamonds. Each diamond has been individually claw set, creating a floral-inspired cluster that maximises light and sparkle while framing the sapphire to perfection. The 8 diamonds weigh 0.22cts each totalling in 1.76cts. The ring is mounted with a traditional fine yellow gold shank and a silver setting, a characteristic feature of fine late Victorian jewellery. This combination allowed jewellers to enhance the brilliance of the diamonds while retaining the warmth and richness of yellow gold. Sapphire and diamond cluster rings have remained among the most enduring jewellery designs for well over a century. Their elegant proportions, timeless appeal and exceptional wearability make them equally suited as an engagement ring or as a cherished addition to a fine antique jewellery collection. The diamonds are G-H in colour and VS2-SI1 in clarity. The top measures 14.5mm x 13.5mm in a slightly oval cluster. This ring can be resized.
