

Mid-Century 14kt Yellow Gold Ruby and Diamond Cluster Ring Spectrum Antiques
£1,350.00

At its centre is a vibrant 0.75ct natural ruby (flux-heated), surrounded by an alternating halo of baguette and round brilliant-cut diamonds totalling approximately 0.45ct, graded J colour, SI clarity. The combination of geometric and round stones creates a dynamic starburst effect that perfectly captures the glamour of mid-century design.
