Our View

The Chronomat 32 is one of Breitling's most attractive modern ladies' watches, combining sporty durability with refined luxury. The combination of the off-white dial, diamond hour markers and rose gold accents gives the watch a sophisticated warmth that works beautifully with the polished steel case and bracelet.

Unlike many ladies' watches, the Chronomat retains genuine everyday practicality thanks to its 100m water resistance and highly accurate SuperQuartz movement. Complete examples like this are always desirable, particularly when supplied with the full complement of boxes, papers and accessories.

A stunning modern Breitling that offers elegance, reliability and versatility in equal measure.
