Stand 375
£995.00**

A Beautiful 1920's Opal Bead Bracelet With Diamond Clasp. The centrepiece/clasp features a glowing natural oval opal framed by a sparkling halo of old cut diamonds in a cluster. The bracelet is formed from graduating natural opal beads interspersed with faceted rock crystal spacers, creating a wonderfully light and refined appearance. Displaying the clean, sophisticated lines that define the early Art Deco period, this bracelet retains a softness inherited from the Edwardian era while embracing the fresh elegance of the 1920s. The stunning opals exhibit a lovely play of colour hues blue, pink and greens dance in different lights. They are beautifully complemented by the brilliance of the 12 old cut diamonds. It measures 18cm long. Please contact us if you would like to know more about this lovely bracelet or visit us at Saddingtons Jewellery, Mayfair.
