

Tudor Oyster Prince Day Date 7017/0
£2,495.00

Watch: Tudor Oyster Prince Day Date 7017/0
Stock Number: CHW7317
Price: £2495.00

Tudor Oyster Prince Day-Date 7017/0 – 38mm – Automatic – Serviced July 2026 – 1970

A truly exceptional example of the Tudor Oyster Prince Day-Date reference 7017/0, dating to 1970 by serial number. We appreciate that there are less expensive examples available, but few, if any, can match this watch for originality, condition and mechanical preparation.

Most importantly, this watch remains remarkably original. Aside from the crystal, which has been professionally replaced during servicing, the dial, hands and crown remain original to the watch. The original crystal has been retained and will accompany the sale.

Having undergone a full independent service in July 2026, this Tudor has been carefully cleaned and prepared to an extremely high standard, resulting in a watch that offers both vintage charm and outstanding everyday performance.
