Our View

The WK1120 is one of those TAG Heuer references that perfectly captures the style of the 2000s. The two-tone case and bracelet give the watch a versatile appearance that works equally well as a daily wearer or vintage sports watch.

At 38mm, it strikes an ideal balance between vintage proportions and modern wearability, while the dependable ETA quartz movement delivers hassle-free ownership. Examples in this condition are becoming increasingly difficult to find, particularly those that haven't been heavily worn or abused.

A stylish and affordable vintage TAG Heuer with plenty of character.
