

18ct Gold Woven Graduated Necklace- Spectrum Antiques
£9,250.00

A bold 1980s necklace in 18ct gold, its woven links graduating in scale from a substantial 10mm at the centre down to 5mm toward the ends — a tailored silhouette that sits close to the neck rather than a uniform chain. Fully hallmarked at Birmingham and dated 1987, confirming both standard and origin with certainty. Solid and substantial in the hand, this is a statement piece built for daily wear.
