

Georg Jensen Alliance Silver Bangle - Saddingtons Jewellery Stand 375 £795.00

A striking Georg Jensen 'Alliance' silver bangle designed by acclaimed Danish silversmith Allan Scharff. Crafted in sterling silver, the sculptural design features a single sweeping, intersecting band that create a beautifully fluid and architectural form. The original design was conceived by Scharff in the mid-1980s, inspired by the movement and structure of the atom, and later became known as the 'Alliance' collection. A wonderful example of Scandinavian modernist design, with an impressive weight of 78.7g and exceptional presence on the wrist. This example is signed Georg Jensen and stamped 925 silver.
