

**Millennium 1.27ct 3 Stone Diamond Ring - Saddingtons Jewellery Stand
375
£2,350.00**

A beautifully made millennium 1.27ct 3 stone diamond ring, crafted in 18ct yellow gold and set with three round brilliant-cut diamonds totalling 1.27 carats. The diamonds graduate subtly in size, with the largest stone to the centre, and are individually rubover-set in white gold. The clean white settings enhance the diamonds while contrasting beautifully with the polished yellow gold shank, giving this classic trilogy design a strong, contemporary finish. The ring bears the distinctive Millennium commemorative hallmark, a special British hallmark used only during 2000 to celebrate the new millennium, giving the piece a particularly nice point of interest. The ring also bears the diamond weight inside the shank as well as the 18ct gold stamp and FEU makers mark. The stunningly bright diamonds are G-H in colour and VVS2 clarity. It weighs 4.6g and can be resized. Please contact us if you would like to know more about this exceptional ring or visit us at Saddingtons Jewellery, Mayfair.

Size N

Condition	Excellent
Materials	Yellow Gold
Main Gemstone	Diamond
