Ole Palsby for Georg Jensen – Pair of Glass Decanters with Sterling silver rims. Mark Constable Unit 301
£600.00

A striking pair of Georg Jensen glass decanters designed by Ole Palsby, combining beautifully simple Scandinavian form with elegant metal detailing.

Each decanter features a rounded clear-glass body with a tall slender neck, finished with the distinctive metal collar and glass stopper. The two graduated sizes display particularly well together and are a superb example of Palsby's refined, minimalist approach to Danish design.
