Automatic and with an exhibition case back this Cartier Pasha runs exceptionally well at just plus a few seconds. Presented as watch with Cartier box, original Cartier strap and deployment along with our 12 month guarantee and insured shipping.

A fine unpolished example, yes there will be some signs of light wear with one or two blemishes but certainly nothing significant with the dial and glass intact 9/10 for condition. Strap is original and in perfectly fine usable condition.

White dial with the date between 4 and 5. 38mm stainless steel case.
