

18ct Yellow
£1,750.00

A substantial vintage bracelet in solid 18ct yellow gold, formed of bold puffed mariner links — the classic anchor-link form, each oval crossed by a central bar, given a rounded, hollow-domed profile that catches the light beautifully along the wrist. Italian-made and satisfyingly weighty, it fastens with a robust box clasp and an additional figure-of-eight safety catch.

The puffed mariner is one of the most confident and enduring of Italian gold designs — substantial in presence yet comfortable to wear, and entirely at home on its own or stacked with other chains. A great weight of solid 18ct gold, it offers both a strong look and real intrinsic value.
