Vintage Tiffany Citrine Heart Ring - Saddingtons Jewellery Stand 375 £1,295.00

A wonderfully bold vintage Tiffany citrine heart ring dating to the 1990s, crafted in rich 18ct yellow gold and centred with a beautifully warm heart-shaped citrine. The faceted golden citrine sits within a smooth heart-shaped surround, contrasting beautifully with the substantial ribbed band. Deep sculptural grooves sweep around the shank, giving the ring the strong, distinctive gold design associated with jewellery of the period. The ring is signed Tiffany & Co. to the inside of the shank along with an 18ct gold mark, completing this wonderfully wearable piece of vintage Tiffany jewellery. The ring weighs 5.6g and can be resized.
