Condition Report

Case: Very good condition with light signs of age-related wear consistent with careful ownership.
Bezel: Very good condition with crisp markings and honest age-related character.
Dial: Excellent condition with attractive patina developing to the luminous hour markers.
Crystal: Good condition with no notable imperfections.
Bracelet: Original integrated bracelet in very good condition with minimal wear.
Overall: A clean, honest and increasingly collectible example of the iconic Pre-Bond Seamaster.

Working Order

The Omega quartz movement is operating exactly as intended.

All functions working correctly, including the date function and screw-down crown operation.

Supplied with our 12-month mechanical / electrical guarantee.

Our View

The Pre-Bond Seamaster occupies a special place in Omega history, bridging the gap between vintage Seamasters and the famous Bond-era models that followed. Enthusiasts are increasingly drawn to these references thanks to their distinctive bracelet design, compact proportions and understated tool-watch aesthetic.

This example is particularly desirable because of its completeness. Finding a 1993 Pre-Bond with its original warranty card, swing tag, manuals, full links and box is becoming exceptionally difficult. The developing patina to the dial markers only adds to its charm and individuality.

For collectors seeking a genuine neo-vintage Omega with excellent provenance and strong long-term
