

Cartier Roadster 2510
£2,999.00

Watch: Cartier Roadster 2510
Stock Number: CHW7468
Price: £2999.00

Cartier Roadster 2510 – 40mm – Automatic – Boxed

A highly sought-after and now discontinued Cartier Roadster reference 2510, presented in excellent condition and superb working order, complete with its original Cartier inner box.

The Roadster remains one of Cartier's most distinctive modern designs, combining sporty styling with unmistakable Cartier elegance. As production ceased several years ago, demand for well-preserved examples continues to grow, particularly for the larger automatic references such as this.

The watch operates from an automatic movement and is water resistant to 30m.

Fitted to a signed Cartier Stainless steel strap with a deployment clasp.

The Roadster is one of Cartier's most underrated modern classics. Inspired by vintage motor racing, it combines a distinctive tonneau-shaped case, bold numerals and the iconic magnified date display to create a watch unlike anything else in the Cartier catalogue.
