Kutchinsky 1975 Twisted V-Shaped Emerald Ring - Saddingtons Jewellery Stand 375
£1,950.00

A striking Kutchinsky 1975 twisted V-shaped emerald ring, beautifully crafted in 18ct gold with a sculptural openwork design that sweeps into a softly twisted V-shaped form. The flowing gold curves are accented with vivid green emeralds, set along the outer edges to create a distinctive contrast against the rich polished gold. Signed Kutchinsky and hallmarked for London 1975, this substantial 12.6g ring is a wonderful example of the bold, sculptural jewellery produced by Kutchinsky during the 1970s. The combination of warm 18ct gold, vibrant emeralds and the unusual open V-shaped construction gives the ring a particularly striking presence when worn.
