

**Tiffany Graffiti X Necklace By Paloma Picasso - Saddingtons Jewellery
Stand 375
£550.00**

A striking Tiffany graffiti X necklace by Paloma Picasso, featuring the distinctive sculptural X pendant in polished 18ct yellow gold. The elegantly curved form is beautifully balanced, creating the instantly recognisable X motif associated with Paloma Picasso's celebrated Graffiti collection. The reverse of the pendant is signed Paloma Picasso, with the pendant suspended from a fine gold cable link chain and secured with a traditional ring clasp that holds the Tiffany & Co marks also. Paloma Picasso's Graffiti designs were inspired by the spontaneous marks and lettering of New York street art, with the X representing the universal symbol for a kiss. The necklace weighs 3.5g and measures 16inches long.
