

Victorian 1897 Knot & Reef Link Silver Albert Chain - Saddingtons Jewellery Stand 375
£750.00

A particularly handsome victorian 1897 knot & reef link silver Albert chain, crafted in silver and formed from alternating circular links and distinctive elongated twisted reef-style links, each with finely worked rope-like detailing. The combination of the decorative links gives the chain a strong textural quality and a particularly characterful appearance. Hallmarked for Birmingham 1897 on the t-bar, this substantial 17-inch Albert chain weighs 55g and is finished with a traditional T-bar and two dog clips. The generous weight and unusual link construction make this a striking example of late Victorian Albert chain design.
