Omega Constellation 50th Anniversary 1504.35.00 – Factory Diamond Dial – 36.5mm – Automatic – Circa 2006

A striking and increasingly desirable Omega Constellation 50th Anniversary reference 1504.35.00, dating to approximately 2006 by serial number and featuring the highly sought-after factory diamond dial. Distinctive and elegant, the dial is adorned with diamond hour markers and the famous applied Omega logo motif running across the dial, creating one of the most attractive Constellation configurations produced during this period.

Presented in honest original condition, this example retains its unpolished case and bracelet, offering the originality collectors appreciate while remaining in excellent working order.

#### Our View

The Constellation 50th Anniversary models are often overlooked in the wider Omega market, which makes them excellent value today. This reference stands out thanks to its factory diamond-set dial and distinctive Omega logo motif, features not commonly encountered on standard Constellation models.
