The Breitling Top Time collection remains one of the brand's strongest links between vintage motorsport heritage and contemporary chronograph design and it is unsurprising that the company decided to revive one of its most iconic lines. This Breling Top Time has just had a recent in-house service to bring its functionality to the required standard. Accompanied by our 12-month warranty.

The Breitling Top Time, model 2000, feature s a 36mm gold-plated stainless steel case, a black dial with two silver chronographs positioned at 3 and 9 o'clock as well as a silver tachymeter ring, golden hands and a plexiglass.

The watch operates from a manual wind movement, caliber Venus 188, providing a maximum power reserve of up to 45 hours. Not water-resistant due to age.

The watch is fitted to a generic black leather strap with a gold plated pin buckle.
