

Vintage 9ct
£4,850.00

A bold and beautifully made vintage bracelet in 9ct yellow and white gold, hallmarked Sheffield 1994, designed as a series of linked snaffle bit motifs — each unit replicating the D-ring and twisted bar of an equestrian bit in alternating yellow and white gold. The two-tone construction is handled with real confidence here, the warm yellow of the rings contrasting cleanly against the cooler white of the bars to give the bracelet a graphic, sculptural quality that works well beyond purely equestrian circles. At 65.1 grams it is a genuinely substantial piece of gold jewellery with presence to match.

The bracelet measures 8 inches in length and 18mm in width, fastening with a barrel clasp and safety chain. It carries full Sheffield hallmarks dated 1994 and is in good vintage condition throughout. A statement piece for those who appreciate bold gold jewellery with strong design roots.
