

Vintage 18c
Antiques
£2,650.00

A fine vintage pendant necklace in 18ct white gold, set with a certified 1.25 carat oval ruby of Thai origin with no heat treatment, surrounded by a scalloped milgrain halo of round brilliant diamonds totalling approximately 1 carat, graded H/VS. The ruby is deeply saturated — a rich, vivid red — and the no-heat designation is a mark of genuine rarity; the overwhelming majority of rubies on the market have been heat treated to improve their colour, making an unenhanced stone of this quality and size a meaningful find. The milgrain-edged scalloped halo is a beautifully period detail that softens the setting and gives the pendant a quietly vintage character.

The pendant carries full London hallmarks and is presented on its original 18-inch white gold cable chain with lobster clasp. Total weight is 5.4 grams. Condition is excellent throughout. A serious gemstone piece with independent certification, offered at a fraction of the price comparable stones command at auction.
