Rolex GMT-Master II 126720VTNR “Sprite” | 40mm | 2026 | Box & Papers | Left-Handed | Unworn

A stunning example of the Rolex GMT-Master II 126720VTNR, nicknamed the “Sprite” due to its distinctive green and black Cerachrom bezel. This piece was sold new in 2026 and remains in unworn condition.

This model represents a major milestone in Rolex’s history — the first left-handed GMT configuration ever produced, with both the crown and date positioned on the left-hand side. A true modern collector’s piece.

Our View
The Rolex GMT-Master II 126720VTNR “Sprite” is one of the most talked-about Rolex releases in recent years — and for good reason. With its bold green-and-black bezel, left-hand crown configuration, and ultra-modern calibre 3285 movement, it’s a rare blend of innovation, heritage, and personality.

A collector’s favourite and one of the most distinctive modern Rolex sports watches available today.
