

Baume & M
£3,300.00

A deep blue dial, framed in 18K yellow gold.

Our present Baume & Mercier, with the reference 37055, features a rich blue dial with a finely mottled, stone-like appearance.

The dial shows light, even patina in the form of fine spotting, which is typical of a watch of this age and gives the blue surface visible depth and an authentic, original character. There is also a small chip at the top, which adds to the watch's vintage character.

Its 24mm case in 18K yellow gold is a generous, upright oval with a broad, softly rounded bezel that frames the dial.

The crown is set with a blue cabochon that picks up the colour of the dial.

The watch is fitted to a black textured leather strap with its signed Baume & Mercier plated buckle.

Inside beats a BM calibre 775 manual winding movement.

It has been thoroughly inspected by our watchmaker, is fully functioning and keeping good time.

To give collectors peace of mind we provide a 1 year mechanical warranty.
