Zenith Elite Ultra Thin 01/02.1125.680 Automatic 37mm

Zenith Elite Ultra Thin 01/02.1125.680 – A beautifully understated dress watch from one of Switzerland's most respected manufactures, combining elegant proportions with the refinement for which the Elite collection has become renowned. Featuring a slim 37mm stainless steel case, black dial and automatic movement, this reference embodies the minimalist sophistication that has made the Elite range one of Zenith's most enduring successes.

Recently polished and presented in excellent overall condition, this example offers a superb opportunity to acquire a refined Swiss dress watch from a brand celebrated for its movement-making expertise. Its slim profile and timeless styling make it equally suited to formal occasions and everyday wear.

Overall: A beautifully presented and exceptionally well-preserved example.

Working Order

The automatic movement has passed through our workshop and is running in excellent working order.

All functions operate correctly as intended.

Supplied with our 12-month mechanical guarantee.

Our View

The Elite collection demonstrates Zenith's ability to produce elegant, refined watches that sit comfortably alongside the brand's more famous chronograph offerings. While the El Primero often takes centre stage, the Elite remains one of the finest understated dress watch collections produced by any major Swiss manufacture.

This Ultra Thin reference is particularly appealing thanks to its clean black dial, wearable 37mm case size and impressive condition. The recent polish has left the case looking superb, while the original strap and deployant clasp maintain the watch's authenticity.

For collectors seeking a discreet, high-quality Swiss dress watch from a true manufacture, the Elite Ultra Thin offers exceptional value and timeless style.
