Cartier Santos Galbée 987901 Mid-Size Quartz 29mm x 41mm

Cartier Santos Galbée 987901 – A wonderful example of one of Cartier's most enduring and recognisable designs, presented in its highly wearable mid-size configuration. Combining the iconic Santos case design with a classic white dial, metallic blue hands and blue Roman numeral hour markers, this reference offers all the elegance and sophistication of the Santos collection in a versatile and practical package.

Presented in original unpolished condition and fitted with a new unworn strap, this example has recently benefited from a new battery, reseal and pressure test. The result is a classic Cartier that is ready to be worn and enjoyed immediately while retaining the originality that collectors increasingly appreciate.
