Price: £4995.00

Cartier Santos-Dumont WSSA0032 Extra Large Manual Wind 2024 – Full Set

Cartier Santos-Dumont WSSA0032 – A modern interpretation of one of the most important watches in horological history. The Santos-Dumont traces its origins back to 1904 when Louis Cartier created a wristwatch for the pioneering aviator Alberto Santos-Dumont, allowing him to read the time whilst flying. More than a century later, the Santos-Dumont remains one of the purest and most elegant expressions of Cartier watchmaking.

This Extra Large model is powered by Cartier's in-house hand-wound Calibre 430 MC and perfectly captures the understated sophistication that has made the Santos-Dumont one of the most respected dress watches available today. Presented in excellent condition and accompanied by its original inner and outer Cartier boxes, this example is dated 22/09/2024 on its warranty card and has recently received a light professional polish.

Originally retailing at approximately £6,700, it offers a significant saving against current retail pricing.
