

Art Deco Turquoise & Silver Jabot Pin | French 1920s POA

A timeless French jabot pin from the 1920s, set with two natural turquoise cabochons in a vibrant blue green hue with rich matrix patterning. Each stone is secured in a silver claw mount, joined by a fine central pin that disappears when worn.

These pins were originally designed to secure a jabot but today they add a stylish accent to lapels, scarves, hats or coats.
