

A Dorrie Nossiter Dress Clip £1,650.00

set in silver, with gold, citrine, coral, aquamarine, and peridot. made in england. c.1930s

Dorrie Nossiter's work is predominantly from the 1930s but her jewellery is closer in style to the Arts & Crafts movement than the Art Deco jewellery being made at that time.

She was a flamboyant figure with a love for champagne. The Arts & Crafts movement was incredibly important for women as, for the first time, their work was given the same platform and recognition as male artists of the time.
