Art Deco Diamond, Platinum & 18ct Gold Floral Design Brooch | c.1920s POA

An elegant Art Deco diamond brooch from circa 1920, crafted in platinum with an 18 carat gold backing.

The elongated design features four floral clusters centred with old cut diamonds and framed by a millegrain edged border of bright white stones.

With a total diamond weight of approximately 4.2 carats and measuring 7.6 cm by 1.4 cm, this is a beautiful and finely made piece that balances the geometric precision and delicate floral detail characteristic of the period.
