

Four Seasons Portrait Panel Bracelet | Enamel & Coral in Silver Gilt | Austrian c.1900
POA

This rare and colourful panel bracelet, made circa 1900, likely Austrian, is crafted in silver gilt, and measures 19cm long by 3cm wide.

It tells a story across eight connected panels, four hand painted enamel scenes depict a woman in her garden through the seasons, winter, spring, summer, and autumn, each set against a softly enamelled guilloché style ground and framed in detailed silver gilt.

Alternating roundels are set with coral cabochons, with red and black enamel accents and silver work detail that contrast beautifully with the pale turquoise base.
