

**A very fine Sapphire and Diamond Cluster Engagement Ring set in 18ct Yellow Gold & Platinum, Circa 1935  
£4,950.00**

An extremely beautiful 18 Carat Yellow Gold & Platinum (Marked) Oval Sapphire and Diamond Cluster Ring. The central Sapphire is six raised claw-set and has been assessed as being of 0.95 Carats (unweighed), a Natural Sapphire with No Indication of Treatment observed and of a "Strong Blue Colour", surrounded by ten rub-over set millegrain edged old-cut Diamonds of "Good Commercial Colour and Clarity".

This lovely ring is accompanied by an Independent Gemmologist's Report confirming the above assessment.

It should be noted that Sapphires with no indication of treatment are rare.
