

## **Emerald and Pearl Drop Earrings | Diamond Links | Italian c.1970s POA**

These stunning drop earrings blend rich colour and elegant form with effortless poise.

Each earring features a vivid Colombian emerald cabochon at the top and a larger pear-shaped emerald drop below, together totalling approximately 10 carats.

Between them, a luminous pearl is set beneath a single old-cut diamond, with delicate gold chain links completing the descent.

Crafted in 18ct gold, they evoke a distinctly European glamour, most likely Italian, and feel as fresh today as they would have in the 1970s.

The mix of materials is tactile and beautifully balanced: soft natural pearl, gleaming green, and the quiet fire of a single diamond.

Romantic, sculptural, and fluid, these are earrings for someone with a sharp eye for style and a love of quiet drama.
