

## **Ruby Disc Earrings in 18ct Gold | Natural red rubies | Italian c.1970s POA**

A bold and sculptural pair of disc earrings, crafted in rich 18ct gold and set with vivid rubies in raw, hand-formed bezels.

Made in Italy circa 1970s, they embody a refined modernist ethos, clean geometry softened by textured imperfection.

Each disc is softly brushed to a matte finish, catching the light with quiet warmth, while the rubies offer a striking counterpoint: deep, saturated red with natural inclusions and organic fire.

Their settings are intentionally irregular, following the contours of the stones rather than forcing symmetry, a celebration of material honesty and individual character.

Minimal yet expressive in their elemental form and unpolished grace.
