

Antique Emerald & Pearl Ring | 18ct Gold Pea Pod Motif | English c.1900 POA

A rare and whimsical antique ring, crafted in 18 carat gold with a design that echoes a stylised pea pod, a popular Victorian motif symbolising abundance, unity, and affection.

Set with five natural pearls nestled in a curve of vivid green emeralds, the composition feels both playful and elegant.

Likely made in England around 1900, the ring blends natural symbolism with refined craftsmanship.

The curved navette-style face elongates the finger beautifully, while the precise millegrain and openwork edging add texture and lightness.
