

**Pair of Gold Enamel Cufflinks | Blue Guilloché Cat Portrait & Diamond Collar | English 1895
POA**

A charming pair of English cufflinks, dated 1895.

Each round face is decorated with a finely detailed cat portrait with diamond collar set beneath rich royal blue guilloché enamel.

On the reverse, the engraved dedication reads "Uncle Charles 1895", suggesting they were a personal commission.

The baton terminals are enamelled in matching blue, each set with a single old cut diamond.
