

**Arts & Crafts Moonstone and Zircon Drop Earrings | Silver | British  
c.1920s  
POA**

A mesmerising pair of Arts and Crafts drop earrings, crafted in silver and set with luminous moonstones and glinting green zircons.

Likely British and dating to the 1920s, these earrings embody the revival spirit of the movement - handmade, poetic, and otherworldly.

Each features a glowing cabochon moonstone at the stud, with a larger oval moonstone drop framed by a gentle arc of zircons, their sea-green hue creating an ethereal contrast.

Of particular note is the unusual architectural silverwork flanking the final zircons - an intentionally expressive touch that speaks to the individuality of Arts and Crafts design.

Evocative, rare, and quietly magical: these are earrings that don't just decorate, but tell a story.

Approximately 4.5cm from top to bottom
