

Rolex Air-King Date 5700 Silver Dial £3,950.00

This vintage 34mm Rolex Air-King Date is in fine condition for its year.

Reference number 5700 is the successor of the popular 5500 but with the added date function, it was produced in far fewer numbers than the 5500 which makes it a very collectable piece. This one features a silver baton dial, smooth steel bezel and steel Oyster bracelet with folding clasp and it houses Rolex's calibre 1535 automatic movement.

Supplied with its original Rolex box, papers dated December 1982 and 12 months Jewels and Time guarantee
