

**Aquamarine Diamond Cluster Ring in 18ct Yellow/White Gold date circa 1950 SHAPIRO & Co since 1979
£3,250.00**

- Aquamarine: 2.38ct approximately
 - Brilliants Cut Diamonds: 1ct, I/J, VS2/SI1 estimated
- Date: circa 1950

Q: What is unusual about this ring ?

A: The Aquamarine is a nice colour also nicely cut and one can't see the skin throughout the Aquamarine . The shank is beautifully decorated. Photos included in the photo gallery.
