

Rolex Deepsea Sea Dweller 126660 D-Blue Dial
£13,950.00

This is the latest version of Rolex's creation for deep sea explorers. Water proof to a colossal depth of 12,800 feet / 3,900 metres, with its 44mm steel case and domed glass, in my opinion is the best dive watch on the planet! It comes unworn and in new condition.

Reference number 126660, comes with the sought-after D-Blue "James Cameron" dial, steel bezel with black ceramic insert, steel Oyster bracelet with folding safety clasp and a unique glidelock extension mechanism.

It houses Rolex's latest 3235 automatic calibre movement with longer service intervals and longer power reserve.

Supplied with its original Rolex box, guarantee card dated June 2021 and the remainder of its manufacturers guarantee.

Antique ref: 126660
