

Dog Pendant Collie in 9ct Gold Enamel dated Sheffield 2000, Lilly's Attic since 2001

£380.00

Q: When did the collie dogs originate?

A: According to the Collie Club of America, the Collie's exact origin is unclear. Some say the breed accompanied the Romans across what is now Britain, around 500 B.C. Collies; however, were not truly recognised as a distinct breed until the 18th century.
