

Carved jade beautiful birds sculpture POA

The translucent light green jade bird statue on the wooden stand is made of solid stone. It is entirely handmade. The high level of carver skills and experience helped him to turn into reality his ideas, which were reflected in this sculpture. There are two birds presented in the sculpture. One seems to be older and more experienced than another one. This is a perfect combination of generations. Birds symbolize freedom and inner strength. But as you can see, it is not just a bird but an eagle - one of the strongest birds. The owner of such a mascot will not only be able to feel the surge of strength and self-confidence, but also the unprecedented desire to break the lasting circle of monotonous existence. Light green jade hardstone has been admired since ancient times in many countries all over the world. Such a mascot will help its owner to achieve new achievements and to break out of the vicious circle of misfortunes.
